GROUNDWATER PROTECTION BEGINS AT HOME

The DRIP family shows you how!
The DRIP family shows you how!
Protect

Don’t use too much fertilizer

Sweep up after using fertilizer to keep it out of the storm drains
CONSERVE

Check all toilets, faucets, hoses and sprinklers for leaks and FIX them.

Use a bucket of water to wash your bicycle or family car, then rinse quickly with a hose.
PROTECT

Check your car for fluid leaks and FIX them.

Don’t dump toxic substances like motor oil on the ground, down the drain or in the trash.
MER

Conserve

Water only the lawn and not the street or sidewalk.

Lower the water level in your pool to reduce the amount of water.
PROTECT

Rake leaves to keep them away from the storm drains

Pick up after your pet
Keep a pitcher of water in your refrigerator so you don’t have to run tap water to cool.

Use dishwashers and clothes washers for full loads only.
PROTECT

Don’t throw used batteries on the ground or in the trash.

Buy products that are safe for the environment rather than products that are hazardous.
Conserve

Turn off water while brushing your teeth or washing your hands.

Keep your showers to five minutes or less.
This coloring book has been developed by the Meadville Area Partners Promoting Source Water Protection and partially funded by the League of Women Voters of Pennsylvania Citizen Education Fund under a grant from the Pennsylvania Department of Environmental Protection.
